

Company Profile

Chris Palmer, Managing Director, has been involved with providing payroll processing solutions for businesses for over 40 years. Whether you are a small business with just a few employees or an established business with several hundred employees we believe that outsourcing the payroll process is the most efficient way to ensure your staff are paid accurately and on time – every time.

If you use contractors we can fund them for up to 8 weeks and process the employees as normal, paying directly into their account by BACS.
