

New product which meets a need for funding

Payroll Funding are pleased to announce the launch of a new product which meets a need for funding and often is able to do business when other business solutions have declined the opportunity.

Working with Woodland Consultancy Service (www.woodland.co.uk), a reputable Recruitment Agency formed in 1980, we are able to take your contractors and hire them back to you. The invoice for the services of the temps is payable within 60 days, with a small administration charge, which effectively gives clients a 2 month payroll free period.

The funding, unlike traditional funding, does not require any Directors guarantees or collateral and a decision can be made within 24 hours, and often sooner, on the level of funding.
